

# BE PART OF THE ENERGY REVOLUTION

The UKA Group has around 880 employees and is currently active in Europe as well as in North and South America. As a full-service developer, UKA not only covers the entire value chain but also operates wind and solar parks itself. Founded in 1999, the company is one of the leading German project developers and currently has an onshore wind project pipeline of about 1.8 gigawatts pending approval in Germany. UKA has also grown strongly internationally in recent years. The UKA Group's current project pipeline for wind and solar projects now exceeds 14 gigawatts.
